

Tentative Rundown of the 34th AUAP Annual Conference 2019
“Climate Change Adaptation – The Challenging Role of Higher Education Institutions”
November 10-14, 2019 at Naresuan University, Phitsanulok, Thailand

Saturday, November 9, 2019		
Arrival of AUAP Board Members (ABMs), Advisory Council Members (ACMs), Ad Hoc Committee, Country Chapter Chairs (CCCs), QA Task Force Committee Members		
Pick up: Sukhothai Airport/Phitsanulok Airport and transfer to The Imperial Hotel and Convention Center (IHCC)		
Day I (Sunday, November 10, 2019)		
Arrival of participants: Pick up at Sukhothai Airport/Phitsanulok Airport and transfer to The Imperial Hotel and Convention Center (IHCC)		
09.00-11.00	CCC Meeting	Room: Wangpikul 1-2 The Imperial Hotel and Convention Center (IHCC)
09.00-11.00	QA Task Force Committee Meeting	
09.00-11.00	Ad Hoc Committee Meeting	
12.00-13.00	Lunch hosted by AUAP	
16.00-18.00	AUAP Board Member Meeting	Room: Wangpikul 2, IHCC
18.00-20.00	Welcome dinner for ABMs, ACMs, CCCs, QA Task Force Committee	Room: Tararin, IHCC
Day II (Monday, November 11, 2019)		
09.00-09.30	Registration	Venue: Ekathotsarot 301 Naresuan University
09.30-09.45	Thai Dancing Performance by Faculty of Humanities	
09.45-10.15	Opening Ceremony Welcoming Remarks 1. Honorary Prof. Dr. Kanchana Ngourungsi President of Naresuan University 2. Prof. Dr. Wichit Srisa-an, AUAP Founding President and Emeritus Chair of AUAP Advisory Council 3. Prof. Dr. Mahmoud Nili Ahmad Abadi, President of AUAP	
10.15-10.30	Opening Remarks by Assoc. Prof. Soranit Siltharm Permanent Secretary, Ministry of Higher Education, Science, Research, and Innovation	
10.30-10.35	Honorary Prof. Dr. Kanchana Ngourungsi gives souvenirs to; 1) Assoc. Prof. Soranit Siltharm Permanent Secretary, Ministry of Higher Education, Science, Research, and Innovation 2) Prof. Dr. Mahmoud Nili Ahmad Abadi, President of AUAP (also gives souvenirs to President of Naresuan University)	
10.35-10.45	Group Photo	
10.45-11.00	Refreshment and Networking	
11.00-12.00	Keynote Address on “Contributions of Higher Education Institutions in Research and Innovations to Alleviate Climate Change Situation”	Venue: Ekathotsarot 301 Naresuan University

	by Assoc. Prof. Soranit Silttharm Permanent Secretary, Ministry of Higher Education, Science, Research, and Innovation	12.00-13.00	Lunch	Venue: Dining Room, 1 st floor
	Keynote Address on "Extreme Climate: Education is the key!" by Assoc. Prof. Dr. Seree Supratid, Director of Climate Change and Disaster Centre	13.00-14.00		Venue: Ekathotsarot 301 Naresuan University
	Special Lecture on "Participatory Roles and Community Engagements of Government Savings Bank to Preserve Natural Resources" by Dr. Chatchai Payuhanaavechhal, CEO of Government Savings Bank	14.00-15.00		
	Refreshment and Networking	15.00-15.15		Venue: Foyer Area, 3 rd floor
15.15-16.15	Synergy of the three clusters towards climate change adaptation			
	The Health Sciences Cluster: Technology Advancements in Medical Treatments to Deal with Diseases Rendered by Climate Change by: (TBA)			Venue: Ekathotsarot 301 Naresuan University
	The Science and Technology Cluster: Cleaner and Greener Environment for a Safer World by Dr. Md. Subar Khan (Bangladesh), Founder & Chairman of Daffodil International University			
	The Social Sciences Cluster: Raising Realization and Awareness towards Climate Change by Prof. Dr. Anoop Swarup (India), Vice Chancellor of Jagran Lakecity University			
	Chaired by: AUAP Moderator: AUAP			
16.45-17.45	Dinner			
	Loy Kratong festival Opening performance by Lanna Club Cultural networking performances Report by Vice President Opening remarks by Honorary Prof. Dr. Kanchana Ngourngsi President of Naresuan University Group photo Proceed to Loy Kratong area Contest of Loy Kratong Pageants Instrumental band performance 19.00 19.45 20.00 20.30 21.00 21.30			Venue: Naresuan University Prabrijak Building
	Instrumental band performance and NU Band Contest of Loy Kratong Pageants (final) Close			

Day III (Tuesday, November 12, 2019)		
09.00-10.00	Keynote Address on “Building a Green Economy: The Low Carbon Path” by Mr. Conrado S. Heruela Director of Climate Change Program, School of Renewable Energy and Smart Grid Technology, Naresuan University	Venue: Ekathotsarot 301
10.00-10.15	Refreshment and Networking	Venue: Foyer Area, 3 rd floor
10.15-12.00	Parallel Paper Presentations: Session 1	
	The Health Sciences Cluster: Technology Advancements in Medical Treatments to Deal with Diseases Rendered by Climate Change Chaired by: AUAP Moderator: AUAP	Venue: Ekathotsarot 301
	The Science and Technology Cluster: Cleaner and Greener Environment for a Safer World Chaired by: AUAP Moderator: AUAP	Venue: Ekathotsarot 301
10.15-10.35	“Microplastics in green mussel <i>Perna viridis</i> from Singhanakorn District, Songkhla Province, Thailand” by Ms. Patricia Blair Goh, Prince of Songkla University, Thailand	Venue: Ekathotsarot 301
10.35-10.55	“Arsenic and Cadmium Accumulation in a Common Species of Wing Shell (<i>Strombus anarium</i>) from Libong Island, Southern Thailand” by Dr. Siriporn Pradit, Prince of Songkla University, Thailand	Venue: Ekathotsarot 301
10.55-11.15	“Analysis Productivity of Robusta Coffee Production Process using Approach Green Productivity (Case Study PTPN XII Kebun Bangelan, Malang)” by Panji Deoranto, Universitas Brawijaya, Indonesia	Venue: Ekathotsarot 301
11.15-11.35	“Awareness of Environmental Issues and Practices among the Residents of the Protected Areas in Surigao Del Norte, Philippines” by Mauricio S. Adlaon, Surigao State College of Technology, Philippines	Venue: Ekathotsarot 301
	The Social Sciences Cluster: Raising Realization and Awareness towards Climate Change Chaired by: AUAP Moderator: AUAP	Venue: Ekathotsarot 301

11.35-11.55	<p>“Testing the post-colonial climate: Deconstructing the binary oppositions of the male protagonists in J. M. Coetzee’s Disgrace”</p> <p>by Dr. Usa Padgate, Naresuan University, Thailand</p>	Venue: Ekathotsarot 301
12.00-13.00	Lunch	Venue: Dining Room, 1 st floor
13.00-14.00	* A dedicated space is arranged for MoU signing on the 3 rd floor and available from 13.00-15.00	
Parallel Paper Presentations: Session 2 (Continued)		
The Social Sciences Cluster: Raising Realization and Awareness towards Climate Change		
Chaired by: AUAP Moderator: AUAP		
13.00-13.20	<p>“Reading into a zombie apocalypse: 3 ways to present a dystopia of lies and laughter”</p> <p>by Dr. Isara Kongmee, Naresuan University, Thailand</p>	Venue: Ekathotsarot 301
13.20-13.40	<p>“Garbage Situation and Management at the Communities in the Small Island: A Case Study of Libong Island, Trang Province, Thailand”</p> <p>by Ms. Kittiwara Sornplang, Prince of Songkla University, Thailand</p>	Venue: Ekathotsarot 301
13.40-14.00	<p>“TBC”</p> <p>by Dr. Jonathan Lembright Advisory Council AUAP, Association of University of Asia and the Pacific (AUAP), Regional Director for Southeast Asia Institute of International Education</p>	Venue: Ekathotsarot 301
14.00-14.15	Refreshment and Networking	Venue: Foyer Area, 3 rd floor
14.15-15.00	<p>Announcement of the Next AUAP Annual Conference (Video)</p> <p>Closing By: Prof. Dr. Ricardo P. Pama Secretary General Association of Universities of Asia and the Pacific (AUAP)</p>	Venue: Ekathotsarot 301
18.00-21.30	Dinner	Venue: Poolside of IHCC

Day IV (Wednesday, November 13, 2019)		
08.00-08.15	Leave from The Imperial Hotel and Convention Center to Sukhothai Province	
08.15-09.00	<p><u>Visit Wat Pra Sri Rattanamaha That</u> Wat Pra Sri Rattanamaha That is regarded the most important temple in the province. A Royal temple founded in the 14th century is famous for the Phra Buddha Chinnarat Buddha image, considered by many to be the most beautiful Buddha image in Thailand. The Sukhothai style image measuring 375 centimeters tall was molded around 1357. Wat Phra Si Rattana Mahathat also features a 36 meter tall Ayutthaya style stupa that enshrines Buddha relics and a large standing Buddha image in front of it.</p>	
10.00-11.30	<p><u>Visit Sukhothai Historical Park</u> A UNESCO World Heritage City, Sukhothai houses a vast number of historical sites and temple ruins. As the first capital of Siam, the Sukhothai Kingdom (1238 – 1438) was the cradle of Thai civilization – the birthplace of Thai art, architecture and language. ‘Sukhothai’ means ‘the dawn of happiness’, and the kingdom did enjoy an extended period of peace and prosperity until it was annexed by the Ayutthaya Kingdom. Due to its location (about 427km north of Bangkok and sitting relatively in the middle of nowhere) Sukhothai sees a smaller number of visitors than its more popular counterpart Ayutthaya. Sukhothai’s historical sites, however, are by no means less splendid. Most historically significant temple ruins are housed inside the Sukhothai Historical Park and nearby Si Satchanalai Historical Park. Apart from visiting the historical sites, Sukhothai itself is a quiet rural city where you can still relish the charms of Thailand’s rustic lifestyle.</p>	
12.00-13.00	Lunch at Ban Chanchay, a Thai food restaurant in Sukhothai Province	
13.00-14.00	Leave for Lumtad Ancient Silver	
14.00-14.45	<p><u>Visit Lumtad Ancient Silver</u> Sukhothai’s silver jewellery craft is equally as unique. Rather than molded into a pre-desired shape, these jewellery pieces are hand-woven into various designs from tiny strands of silver. The designs are usually modelled after the relief patterns found inside Si Satchanalai.</p>	

15.00-15.45	<p>Visit Suntree Thai Weaving Center</p> <p>Suntree is hand-woven fabric of Thai Puan Tribe, who moved from Chiang Kwang (Southern of Loung Prabang, Laos) to Sukhothai, Thailand at the time of King Rama III Rattanakosin Dynasty (approx. 1830 A.D.) We made many difference kinds and styles of fabrics for dailyuse and special occasions. Tin choks are famous fabrics that used a special technique to insert variety color threads to individual pattern. We made the best quality fabrics by using natural material in every step and still keep original and also create new patterns too. Each piece of fabric is and individual art works of the weaver by their heart and soul.</p>	16.00-16.45	<p>Visit Prasert Antique</p> <p>Ceramic art was produced in different parts of present day Thailand. Sukhothai or Sangkhalok (as named by the Chinese) ceramics are the most important subgroup, having been produced in a distinct area and time period (around the timeframe of the Sukhothai kingdom). However, it seems that nowadays all ancient ceramics of that time period are referred to as Sukhothai or Sangkhalok wares, further distinction basically made by archaeologists and professional collectors.</p> <p>The kiln sites of the Sukhothai wares have been explored and are scattered over two main areas; i.e., the Sukhothai kilns outside the northern wall of the ancient city of Sukhothai, and the Si Satchanalai kilns. One particular kiln in Si Satchanalai has been excavated and is exhibited as an open air museum, a few km northwest of the Si Satchanalai archaeological site.</p>	18.00-20.00	<p>Farewell Dinner</p> <p>Attire: Smart casual</p>	20.00-21.00	<p>Arrive at The Imperial Hotel and Convention Center</p>	<p>Day V (Thursday, November 14, 2019)</p> <p>Departure of delegates to Sukhothai Airport/Phitsanulok Airport</p>
		<p>The Legendha Sukhothai, Sukhothai Province</p>
